

Volunteer Bond

TC United Football Club relies on volunteers to deliver quality programming and create a positive experience for our players and families. As TCUFC continues to grow, so does the need for consistent volunteer support across teams, events, and club operations!

Beginning this season, TCUFC is introducing a \$40 volunteer bond to help ensure key roles are filled and responsibilities are shared fairly across our membership. Families may choose to opt out of volunteering by paying the bond as part of registration. Families who choose not to opt out will be contacted by TCUFC staff and supported in finding a volunteer role that suits their availability and interests. A minimum commitment of four volunteer hours is required, but additional hours are always welcome and sincerely appreciated!

We recognize that volunteering is not feasible for every family, and the volunteer bond provides a simple opt-out option. Our goal at TCUFC is to create a fair and sustainable way for all families to contribute to the success of building soccer in our community.
